

# FACE MOUNT ACRYLIC PRICES - 2010\*

## **Bolted Face Mount Acrylic**

A print is mounted onto the back of a 6mm sheet of acrylic, similar in appearance to glass.

4 – 6 visible bolts, depending on size. Comes complete with screws for wall mounting.

## **Floating Face Mount Acrylic**

A print is mounted onto a 2mm sheet of acrylic similar in appearance to glass, backed with a thin sheet of aluminium composite. Complete with a U-channel rail system for easy wall mounting.

Finished Face Mount Acrylic printing offers the latest in modern presentation. Clean and sharp in appearance, creating a contemporary, borderless piece of artwork. Acrylic mounts are printed on metallic paper for optimum effect.

All printing is done at a Professional Imaging Laboratory, printed on professional Kodak, E surface, premium metallic paper.

Prices listed below are for individual prints only, print packages are available upon request. There are a wide range of customised sizes available upon request, some standard sizes listed below.
